The New Reconyx HyperFire 4K series offers the world's best trail camera technology, delivering uncompromised image quality, versatility and durability backed by 5 years warranty. The Hyperfire 4K utilises the latest 8MP image sensor technology that is capable of producing true 4K video with sound. The new vivid 2.4" viewing screen, external power connection and up to 1TB of storage further enhances the user experience. Reconyx cameras are renowned worldwide as the toughest cameras on the market making them the ideal choice for wildlife researchers, outdoor enthusiast, compliance officers, or security professionals. The 4K Cellular cameras link with the Reconyx Connect APP providing live control, live notifications, and free AI filtering. PTS is the only Australian owned "Reconyx Preferred Partner" with Reconyx factory trained technicians, offering Australian invoicing and support for the Cellular Connect APP.

Browning Trail Cameras are popular for both wildlife monitoring and compliance. With a super-fast trigger speed, long range detection, impressive flash range, auto adjusting flash and built in viewing screen. They produce high quality day and night images and full HD videos. The small compact camera allows for easier covert installations. An excellent budget friendly option.

S Promise is a reliable option for "plug & play" cellular cameras and one of our top sellers for several years running. With the ease of re-charging your own standard Australian SIM card using the Telstra Network, send images via text or email. The S688 has introduced a new anti-theft GPS system, call for more information.

Need advice to select the right camera for your project? We would love to help!

We stock a wide range of accessories: Python locks, Security boxes, SD cards, Camera bags, Batteries and Chargers. Solar options are available as well as booster antennas. Make sure you have the most covert setup possible, try our Gillie or matte Camo Tape.

SPYHIGH[®] mounting system

The Spy High Mounting System is a revolutionary solution designed to install trail cameras safely, securely, and quickly in trees, without a ladder or climbing gear. Engineered for stealth and ease of use, this patented system allows wildlife researchers, outdoor enthusiasts, and compliance staff to install and adjust trail cameras from the ground using an extendable pole.

PTS is proudly the Australian Distributor for the Spy High Mounting System.

WINGSCAPES[®]

Wingscape Auto-feeders and Bird Watching cameras are available in Australia again!

The Automatic Bird feeder can be programmed for up to four feeds a day with customisable feeding times, making bird watching a breeze! Pair the feeder with the Bird Cam or the Timelapse Cam Pro, both cameras are designed purely for capturing bird activity at close range! With adjustable focus for high-quality, close-up images.

Wildlife Acoustics Recorders are designed to record sounds produced by wildlife, such as birds, bats, frogs, and other animals. There are a variety of models to choose from.

WILDLIFE ACOUSTICS

PTS is the only Australian owned Wildlife Acoustics Distributor

AUSTRALIAN MADE CAGE TRAPS

We design and manufacture our own range of animal cage traps from Australian Galvanised mesh. Traps to suit cats, foxes, possums in a variety of designs, removable rear door, walk through etc. Customised traps available on request.

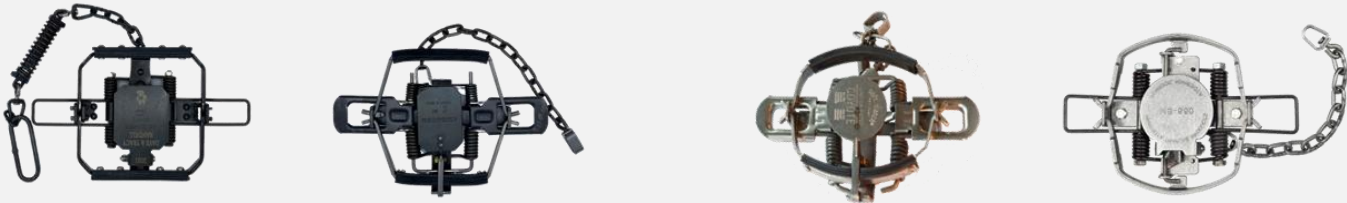

ANIMAL HANDLING & CONTROL

Our extensive range includes control poles, nets, protective gloves, and snake handling equipment! Distributors for brands including Tomahawk, Freeman, and Ketch All products.

FOOT TRAPS

We stock a variety of foot traps & accessories; Jakes, Bridger, Victor & Minnesota Brands!

LURES, URINE & ACCESSORIES

We stock a wide range of lures and Urines such as: Mark June, Dunlap's, Carman, WCS & much more! Plus, trap accessories such as trap setter, sod busters, diggers, chain rigs.

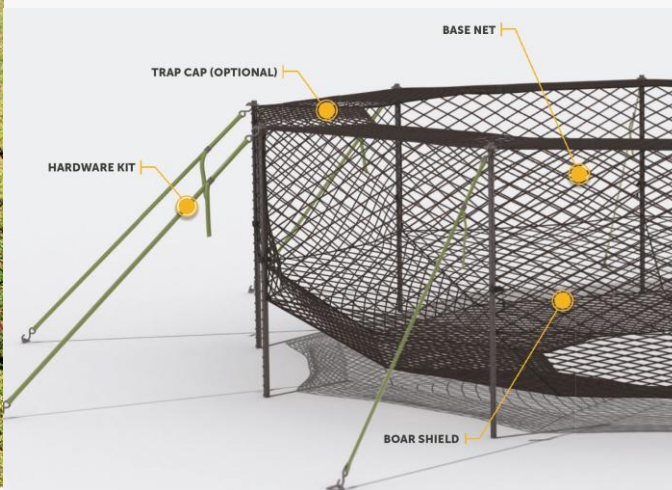

We stock a wide range of American lures from professional trappers. All lures, baits and urines are treated to prevent to spread of disease.

PIG BRIG

The Pig Brig Trap System is a revolutionary, lightweight, effective solution for controlling and removing invasive feral pigs. Unlike traditional metal traps, Pig Brig is designed for quick deployment, continuous catch, and low maintenance, offering a smarter, more efficient way to reduce wild pig populations and the costly damage they cause. – IT'S A TRAP NOT A PEN!

AUTOMATIC FEEDERS

We stock a wide range of Moultrie feeders & heads to use with your camera traps & Pig Brig set up.
